Two columns of dot grid exercises for drawing 3D shapes. Each row consists of a sample shape on the left and a blank grid on the right. Blue arrows point from the sample to the grid.

- Row 1: Green house-like shape (a rectangle with a triangle on top and a dashed vertical line for a chimney). Next to it is a blank 5x5 dot grid.
- Row 2: Pink cube. Next to it is a blank 5x5 dot grid.
- Row 3: Purple cube. Next to it is a blank 5x5 dot grid.
- Row 4: Yellow stepped block (a 2x2x1 base with a 1x1x1 block on top of one corner). Next to it is a blank 5x5 dot grid.
- Row 5: Blue cone. Next to it is a blank 5x5 dot grid.
- Row 6: Purple cube. Next to it is a blank 5x5 dot grid.
- Row 7: Orange stepped block (a 2x2x1 base with a 1x1x1 block on top of one corner, rotated). Next to it is a blank 5x5 dot grid.
- Row 8: Green cube. Next to it is a blank 5x5 dot grid.
- Row 9: Red stepped block (a 2x2x1 base with a 1x1x1 block on top of one corner, rotated). Next to it is a blank 5x5 dot grid.
- Row 10: Cyan stepped block (a 2x2x1 base with a 1x1x1 block on top of one corner, rotated). Next to it is a blank 5x5 dot grid.
